<b>Secretary</b>	<b>DOMNICK Andreas</b>	

**Programme Committee D  
Amsterdam 5-9 June 2006**

**Study Group D1**

# Task of PGCD 1

“... challenge the narrow requirements on LNG quality, that is to say to look at the possibility of the **definition of a standard LNG trade quality** to avoid unnecessary and expensive processing at the LNG export and import ends, and thus to **promote LNG trading flexibility and lower LNG cost.**”

(from: IGU Triennial Work Programme 2003-2006)

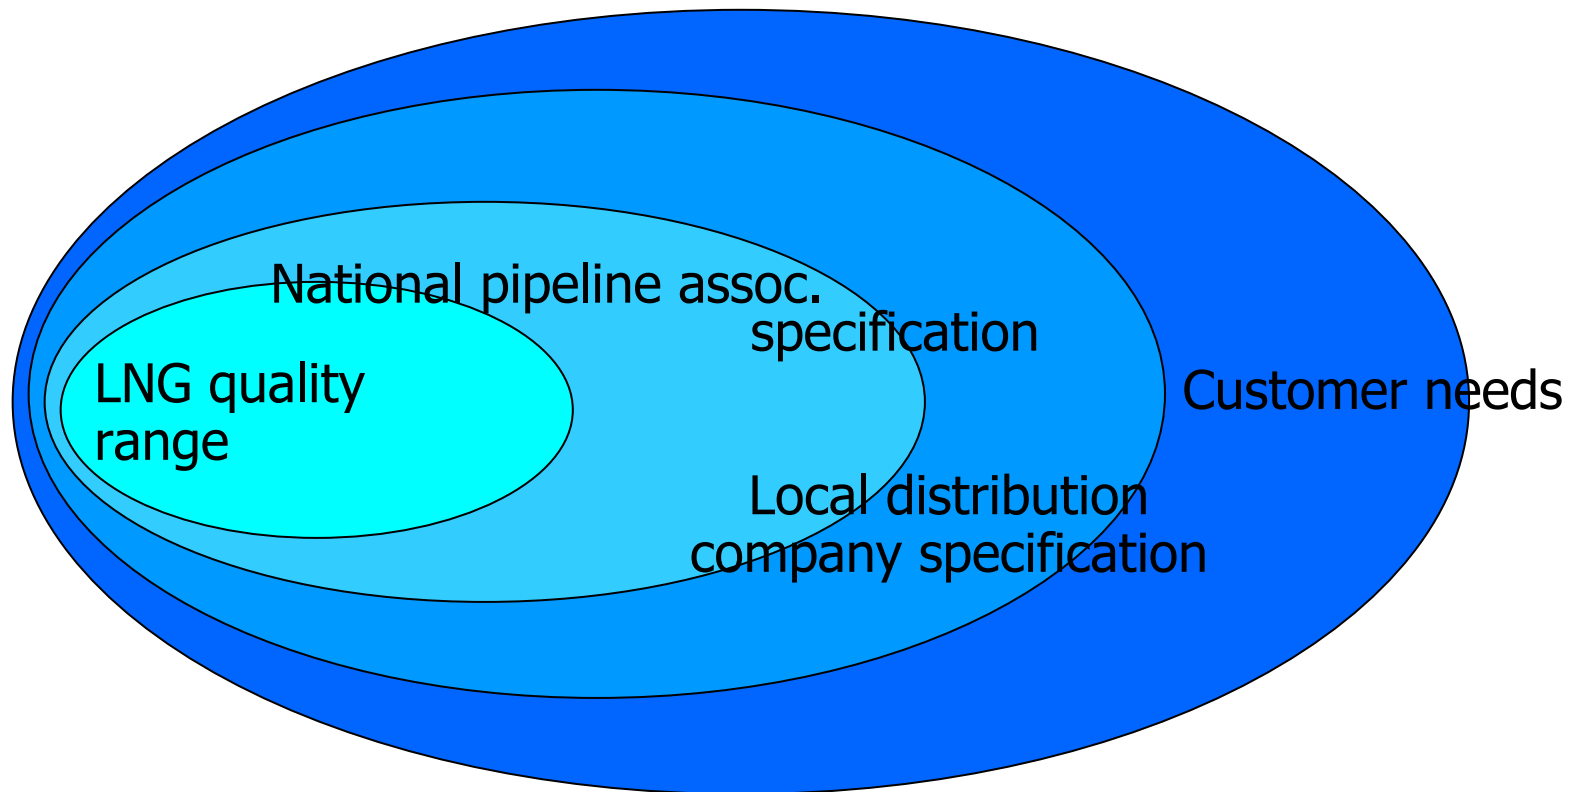

Programme Committee D  
Amsterdam 5-9 June 2006

Study Group D1

# The Over-specification Trap

Programme Committee D  
Amsterdam 5-9 June 2006

Study Group D1

# Program for the Expert Forum 1

- **A. Domnick:** LNG Quality (PGCD1 report)
- **D. Chretien:** Process for the Adjustment of the HHV in the LNG plants
- **T.A. Williams:** Technical issues and research needs in gas interchangeability in the USA
- **R. Safruddin:** NGL recovery project at Badak LNG Plant
- **J. Winstanley:** LNG Quality and the UK gas market

Programme Committee D  
Amsterdam 5-9 June 2006
