

Gas to power

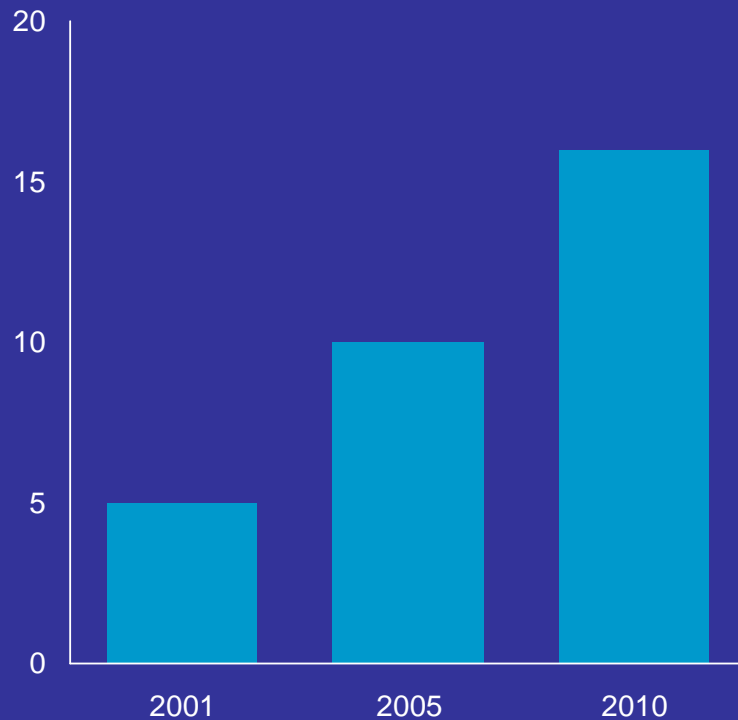

World Gas Conference 2006

Jørgen C. Arentz Rostrup
Senior Vice President
2006-06-06

Hydro's gas supplies available for Europe

Hydro gas production

bcm

- Production expected to more than triple between 2001-2010
- Market development facilitates further growth
- Competitive new supplies available for Europe

Ormen Lange

- Supplying 20 % of UK's gas need
- Norway's largest industrial development
- On time and budget – production start October 2007

Diversification ensures supply security

Hydro is a Fortune 500 energy and aluminium supplier founded in 1905, with 36,000 employees in nearly 40 countries. We are a leading offshore producer of oil and gas, the world's third-largest integrated aluminium supplier and a pioneer in renewable energy and energy-efficient solutions. As we look forward to our next 100 years, we celebrate a century of creating value by strengthening the viability of the customers and communities we serve.
