

# 26<sup>th</sup> World Gas Conference

1 – 5 June 2015, Paris, France

## VALUE-DRIVEN EVALUATIONS OF GAS

Goda Perlaviciute<sup>1</sup>, Linda Steg<sup>1</sup>, Elisabeth Hoekstra<sup>1</sup>,  
& Chris Glerum<sup>2</sup>

<sup>1</sup>University of Groningen, the Netherlands

<sup>2</sup>Gasunie

# “Good because green”?

Relatively  
clean

Green gas

Combined with  
renewables

Power to gas

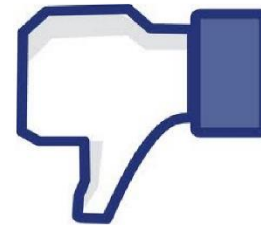

# Values – goals in life

# Example: renewables vs. nuclear power

Strong  
biospheric values

# What about gas?

Do I care?

“Green”?

# Study

Netherlands (n=320) Nov-Dec 2013

Relatively  
clean

Green gas

Combined with  
renewables

Power to gas
