The USA Triennium

- Respecting the history and traditions of IGU
- Realizing the tremendous opportunities facing the global gas industry
- Leveraging the strengths of the North American team and the broader IGU organization
- Strengthening the IGU brand to better position the organization as the Global Voice of Gas

Fueling the Future

Make IGU a more effective voice to promote gas around the world

- Strategic Advocacy and Communications
- Global Gas Playbook
- Global Gas Strategic Calendar

Enhance member value

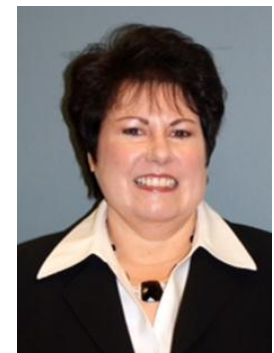

- Improve information sharing and networking
- Engage and support the membership through a business and strategic plan
- Support the Secretariat's implementation of Building for the Future

Conduct an exceptional World Gas Conference

- Will serve as the culmination of OUR three years of working together towards the mission.
- With an emphasis on high level speakers from across the globe, both within and outside the industry who can help to raise the global voice of gas
