“ Growing together towards a friendly planet ”

- ✦ Natural Gas is a “foundation” fuel, core pillar for a Sustainable Development
- ✦ Natural Gas must be available everywhere (new emerging countries) and its role will grow in Asia and South America...
- ✦ Continuity is key. We must build on the work carried out during the previous triennia

“ Growing together towards a friendly planet ”

- ✦ Advocating for the development of **natural gas** as a foundation fuel for **Sustainable Development**
- ✦ Promoting an accurate **combination with renewables & electricity**
- ✦ Improving the availability of **natural gas** in new areas **& in developing countries**
- ✦ Attracting and retaining **Human Resources for the Future**

Task Forces

HUMAN CAPITAL

This TF will continue to build on the excellent results already obtained by TF1 and TF2 under the Malaysian Presidency.

This Presidency will propose transforming this TF into a PGC during the next triennium

GAS ADVOCACY

This high level TF will continue to actively lobby for gas advocacy, with assistance from WOC, PGC Chairs and the Secretariat in line with regional associations and coordinators

GEOPOLITICS

The objective of this TF is to organise workshops to facilitate exchanges between political and industrial decision-makers on a regional level

What about producing gas in developing countries ? Edit VOTE Delete

Freakshow_Gas_Station.jpg

Developing countries need gas more than we do. Let's give them everything we have. We'll use matches, woodsticks and silex.
