

WOC 1 Contribution to the IGU Strategic Vision

Denis Dinelli
Chairman, WOC 1

WOC 1 and the four pillars of the 2012–2015 triennium

Natural available everywhere

- Enhancement of supply and availability includes unconventional gas, deep water and stranded reserves, specially in new areas and developing countries.

Natural gas for a sustainable development

- Best practices aimed at energy efficiency, low or zero flaring

Combination with renewables and electricity

- Production flexibility and environmental issues

Human resources for the future

- Use of R&D and innovations in E&P technology to attract human resources (e.g. unconventional boom)

Study groups

- 1.1 Technological advances in the exploration and production of natural gas

Leader
Mr. Adif Zulkifli, Petronas

- 1.2 New strategies for the exploration and production of natural gas

Leader
Dr. Mohamed Kaced
Sonatrach

Study groups (proposal)

1.3 Mineral property rights and gas rent

Leader
Dr. Marcos Sugaya
Petrobras

Transversalities

- *WOC 1 to nominate representatives to*
 - *PGC A (Sustainability) - from SG 1.2*
 - *PGC F (P&D) - from SG 1.1*
 - *TF 1 (HR) - from SG 1.1*
 - *TF 2 (Advocacy) - from SG 1.2*

WGC 2015

- *WOC 1 received one of the largest number of applications in the last WGC*
 - *one strategic panel*
 - *two committee sessions*
 - *two expert fora*
 - *one interactive expert showcase*

THANK YOU
