Joint Committee Meeting of WOC 1, PGC A and PGC C in Seoul - March 10, 2014

WOC 1, PGC A and PGC C will meet in Seoul, 10-13 March 2014, to debate on the sustainability of the gas supply-demand balance and other transversalities such as policies for pricing and gas rent distribution. Details in the organisation of committee sessions, expert fora and strategic panels for the WGC will be discussed there, and the first complete draft of the studies developed by the group is expected as well.
