

Golden age of gas? Not in my backyard!

October 2014, Prague

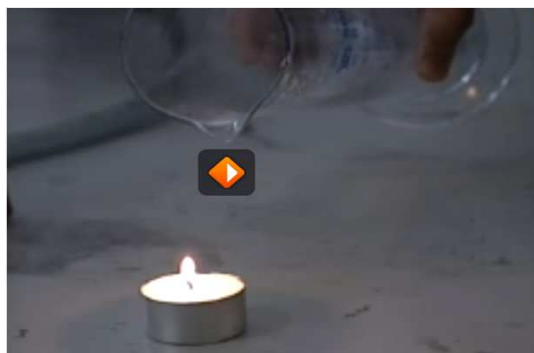

Dimitri Schildmeijer

Executive Communications Trainer at WPNT

Co-chair IGU Study Group on Public Acceptance

Barendrecht on CO2 storage: *Not Under My Back Yard*

It can happen

Pour CO2 over a candle and the oxygen will disappear

It has happened

Ambulances come to the rescue after a CO2 release in Germany

We will not let it happen here

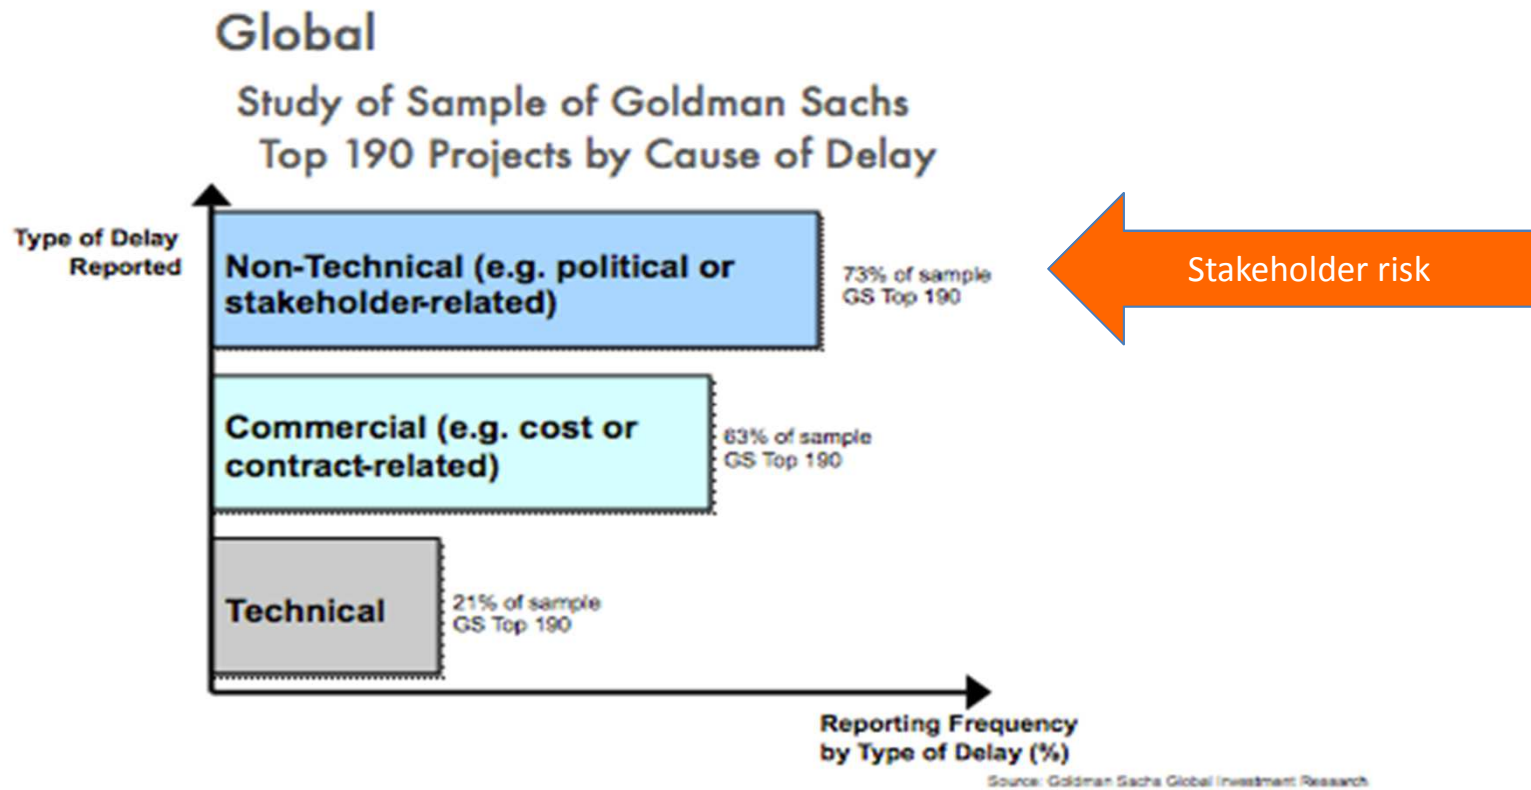

Barendrecht residents say NO to CO2 storage

Stakeholder risk main cause of delay

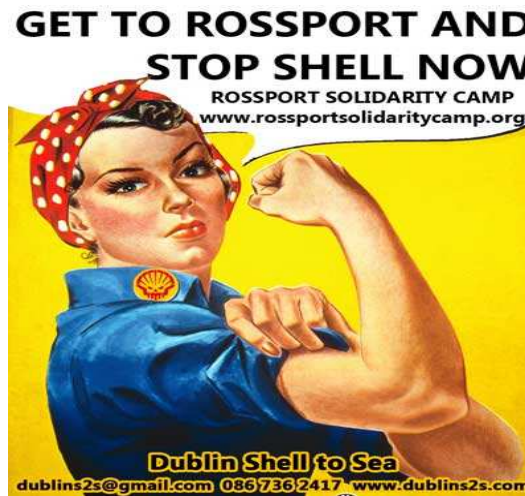

France: local opposition never walks alone

Ireland: protestors are the real local hero's

Willie Corduff interview PART 1

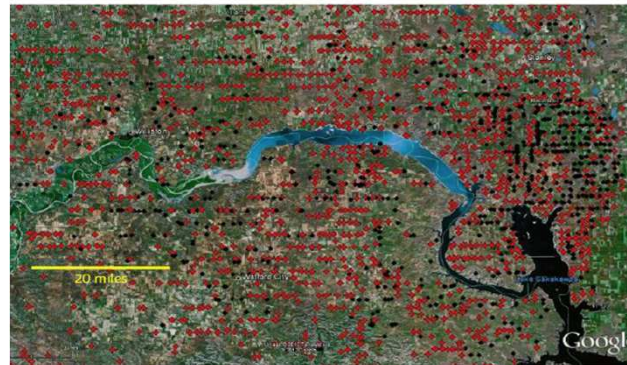

Austria: making it global to win local

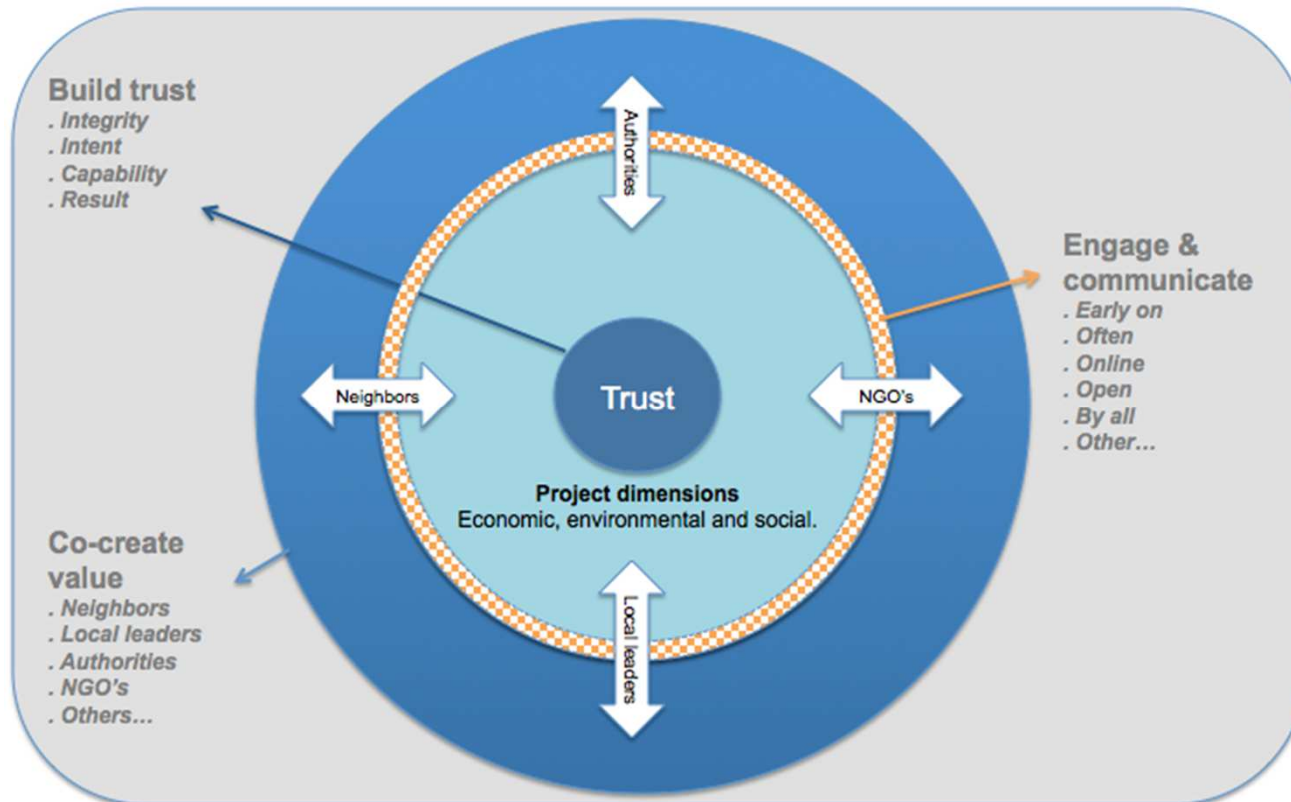

OMV: Fracking für Schiefergas im Weinviertel.

Bakken Well Quality – Sweet Spot - Top 20% with Highest One Month Production of >589 bbls/day in black

A stakeholder engagement model increases the chances of a successful project.

Czech Republic: combine national interest with local proximity

Prime Minister Petr Nečas at the opening ceremony of the Gazelle pipeline

Netherlands: tell people what you are doing, by the people that are doing it !

The image shows a Facebook post from the page 'Gasuniebouwt'. The main image is a photograph of a construction worker wearing a yellow hard hat and safety glasses, looking towards the camera. In the background, there are yellow excavators and a large grey pipe. A yellow arrow points to the worker with the text 'Blijf op de hoogte' (Stay up to date). To the left of the main image are social media links: www.gasuniebouwt.nl, twitter.com/gasuniebouwt, and youtube.com/gasuniebouwt. Below the main image is the 'Gasuniebouwt' profile picture (a large yellow 'G') and the page name 'Gasuniebouwt' with a 4.5-star rating. To the right of the profile name are buttons for 'Pagina-informatie bijwerken', 'Vind ik leuk', and 'Volgen'. A grey box in the top right corner of the post contains statistics: 54000 m³ zand/schors verplaatst, 24753 lassen gelegd, 31 km geboord, and 57 km pijp gelegd. At the bottom of this box is '445 dagen bezig'.

54000 m ³	24753
zand/schors verplaatst	lassen gelegd
31 km	57 km
geboord	pijp gelegd
445	
dagen bezig	

USA: always keep the door open for the community

Spain: communicate often and be visible
